TESTIMONIALS

Our community has been blessed since VFL came into our community. VFL has created employment for our youth and women, creating employment, improving standard of living and health care.

"Chief of Moroa HRH Sambo"

The presence of VFL in Manchok has given our community a new lease of life. We are happy to see how our youths are becoming engaged.

Morua Youth Leader

No words can express my gratitude to VFL, I have worked with VFL since 2015. I am happy they came to our community. They have helped me grow and cater for my family.

Rhoda Jacob (Farmer)

- Create multiple passive income stream
- Earn 30% Returns on your investment
- The investment duration is 12 months
- Get a minimum of N165,000 per lot
- Your capital is insured and assured

“

WHY NIGERIA NEEDS VIP IN AGRICULTURE

Nigeria is blessed with over 94million hectares of land. By 2050 there would be 0.5Billion people in Nigeria that would need to eat. As it is now we don't grow enough to feed us.

As a country we have a narrow focused investment mindset to a few sectors. The lack of investment has lead to export of jobs to China, India, USA and other countries which produce what we consume.

VIP aims to reverse this by providing a platform where investment can be made by ordinary Nigerians into Agriculture

We encourage you to use this opportunity to increase your wealth, create jobs and develop our economy.
